### Description

Master Case of Vector Signature 14x Refined Butane - 96 Bottles.

Each bottle is 320ML

Vector 14x Refined Butane is made in South Korea by Vector and is their flagship product. A highly popular butane the bottle states that it is premium refined gas filtered 5+ times. Vector is comparable to Whip-It! 9x.

Originally Quintuple refined it is now at 14x or better under cold filtering techniques Vector Premium Butane gas is among the purest and cleanest available. It is also one of the most popular butane's available helped in part by Vector's deep and trusted line of butane torches. Vector is a product of Vector KGM Industries in Commerce, California and is imported exclusively from South Korea which is where many of the world's different butane's are manufactured given a close proximity to large reserves of natural gas and readily available shipping lanes.

Never worry about what type of tip your butane bottle or can has with Vector. The cap on every Vector butane bottle has 5 tips that you can change out with the 6th default tip.
